I think it was R9 sampling data, but I didn't receive anything directly.

Sounds like it was a banner evening! Hope you got some rest.

What were you trying to send out in this email that was different from the "EPA Statement on Data from New Mexico to Navajo Nation from Gold King Mine Release" email? I did not receive anything else—water sampling results??

We are back in and up and running now. Drinking a diet coke and eating lots of chocolate!

Thanks!

Hi all,

I just came home and planned to do tonight's release here, but the remote log in is down. And I can't do the release from my phone.

Would it be possible for Region 9 to notify my congressionals along with theirs tonight? If not, I'll head back to the office.

Included below are my congressional distribution list and my I-just-notified list.

Please let me know if you can help. And maybe I can notify yours if we have another all-nighter.

Thanks,

Rebecca

Subject: Water Quality Sample Results

Hi all,

Please find below an update on water quality samples for August 12, 2015.

To assess the impacts of the release at the Gold King Mine near Silverton, Colorado, water quality samples were collected at numerous intervals beginning on Aug. 5, 2015. Samples were taken prior to the plume's arrival to establish a baseline for water quality comparisons. Each surface water sample was analyzed for 24 metals, including arsenic, cadmium, lead, and mercury.

Analysis now shows that water quality for the Animas River from the Silverton, Colo. area to the Durango municipal water intake has returned to pre-event water quality levels. These results are based on validated sampling data collected from Aug. 5 to Aug. 9, 2015.

EPA has shared this data with state, local and tribal officials in Colorado to assist them in their decisions regarding the on-going use of water resources. EPA plans to continue to monitor, analyze and share data for downstream river segments as it becomes available.

The data tables can be found on our website:

<http://www2.epa.gov/goldkingmine/epa-statement-colorado-data-gold-king-mine-release>
